Come join us at for our fourth annual Queen's Element Chess Tournament. This is a K-6 tournament. Individual trophies and team trophies will be awarded and will be dependent on number of participants per grade level or section with minimum of 1st through 3rd place presented per grade level or section. There will be U800 and Open divisions per grade level or section, depending on number of participants. **Each participant will play five rounds** using the Swiss Sys pairing system (S, C, O tiebreaks). It is unfair and disrespectful to all involved (tournament staff and students) if participants are selective of which rounds to compete.
